

TRIBÙ

2024

## COLLECTION 2024

Living the good life outside with family and friends, is the very core of our family brand. We feel privileged continuing the heritage of our father Lode and grandfather Henri, who laid the foundations of a shifting lifestyle towards a luxury outdoor living experience.

And year by year, our tribe grows stronger.

Following the launch of our Los Angeles flagship store, we are opening the doors of our flagship showroom in the design capital of the world, Milan. We are thrilled to invite you to join us on our journey and experience the good life outside, worldwide. Let's celebrate innovation, craftsmanship and timeless luxury design together. Live it, love it, share it.

Have a wonderful outdoor year.

Koen & Tom De Cock

**TRIBÙ**

# SURO

CHRISTOPHE DELCOURT

Suro's sophisticated material combination creates a comfortable and inviting cocoon-like seat reminiscent of flower petals. The wood or aluminium frame adds simplicity and solidity to the seat's structure, while the weave of the round fiber backrest provides embracing comfort. Delcourt's approach resembles a sculptor's, perfectly blending form and function to create a timeless refined design.

# AMANU

YABU PUSHELBERG

The refined Amanu collection brings interior quality outside, combining comfort and sustainability in a design that exudes simplicity and purity. The chairs feature woven, hemp-based Canax® sling seats that seem to float from a slimline-teak frame whose slightly tapered legs provide elegance and grace. The broad, ceramic table top tiles are supported by a discreet, yet sturdy teak frame, creating a remarkable lightness. The rounded edges of both the teak profiles and the outer ceramic tiles, convey a soft and harmonious look.

# UKIYO

MONICA ARMANI

After visiting Japan, designer Monica Armani was inspired by its culture and writing system. Delicate yet uniquely shaped brushstrokes shape a world of stories and tales, as does the Ukiyo collection, effortlessly balancing elegance, design and comfort. Each collection piece perfectly blends in with nature while remaining etched into the view and your memory, its meticulous design telling a story of outdoor pleasure.

# NODI

YABU PUSHELBERG

Light and airy, the Nodi collection's form and silhouette are characterised by twisted, interlaced rope in weather resistant Canax®, stretched across a precise geometric wireframe. Pared back, refined proportions and a minimalist approach to materiality lend a casual lightness to the collection. The slim profile of the chair's arm is angled slightly inward in a welcoming gesture while the extra-soft cushions of the modular Nodi sofa are simply made for laid-back lounging.

# SENJA

STUDIO SEGERS

Curl up and relax on the Senja sofa. Combine a one-, two- or three-seater module with high or low arms and keep everything you need to hand with an integrated table, console or side table. Complementing the sofa, the Senja lounge offers pure comfort, with soft, voluminous cushions and an optional full-length teak side table. The light design of the Senja chairs, combined with the rhythm of the tightly stretched weave in hemp-based Canax® creates a perfect symbiosis between aesthetics and functionality.

# ELIO

YABU PUSHELBERG

Elio, referring to the Greek sun god Helios, is inspired by the motion of light, reflecting and refracting on landscapes and objects throughout the day. The rich gradient effect in the seat and backrest, achieved by weaving multiple colours of yarn into one strand, mimics the gentle touch of light. Elio is characterised by a softly rounded silhouette that draws inwards to create a warm, intimate shelter.

# VIS À VIS

PIERGIORGIO CAZZANIGA

The starting point for the Vis à Vis collection were the loungers created by Cazzaniga, whose aim was to encourage communication in a relaxed atmosphere. The integrated table is designed in a way that two loungers fit into each other and thanks to the flexible bed base, they can be arranged so you lie face to face or alongside each other. The square slats of the side table are repeated in the table top of the dining table and the floating platforms of the modular sofa system, whose comfortable cushions are held in place with invisible supports. Side tables and borders can be added to personalise the look.

# TOSCA

MONICA ARMANI

Tosca is the perfect mix of innovation and beauty, a collection as inviting to curl up in as it is intriguing to look at. The giant weave in hi-tech 'knitting', soft to the touch and completely weather-resistant, is complimented by slim legs in powder coated stainless steel. The soft, tonal contrasts between weave and frame adds to the discreet luxury.

# MOOD

STUDIO SEGERS

Combining the natural beauty of high-quality plantation teak with a weave in refined, soft to the touch Tricord, the Mood collection is styled with informal comfort and elegance. The supple, weather resistant Tricord straps are handwoven around curved aluminium back frames, complementing the glow of precision-cut teak, finished with gently rounded corners.

# NOMAD

MONICA ARMANI

Nomad represents 'noble teak wood' for its warmth, smoothness and strength. Slender legs and contoured armrests give its profile a certain elegance. Tailored cushions add luxury and comfort to its uniquely curved. Nomad, like its name, works well wherever it is placed.

# CTR

PIERGIORGIO CAZZANIGA

The CTR collection is characterized by a tube in powder coated stainless steel that follows its outline in one continuous line. With a lightness of touch the open weave of the backrest appears to float unsuspended around the upholstered seat. The CTR collection is a complex design created with an effortless, relaxed style.

# BRANCH

LIEVORE ALTHERR MOLINA

Just as sunlight filters through the branches of a tree, so it illuminates the Branch collection. Slender legs and lattice seats give Branch a lightness and delicacy, while the clever design and hi-tech materials make the collection highly comfortable and durable. "Branch strengthens the emotional connection with nature. It creates a feeling of respect and fascination with the natural environment," says designer Manel Molina.

# KOS / PURE

STDIO SEGERS / ANDREI MUNTEANU

The Kos and Pure sofa collection share the warmth of smooth Javanese plantation teak and a clean, simple design. The gentle curve of the Kos chairs and their deep seats provide an excellent seating comfort. The finely balanced proportions of the Pure sofa are offset by soft, deep sofa cushions, which come in two designs and an array of luxury outdoor fabrics. The modular elements, together with the new Pure extensions, can be combined as desired to create welcoming seating areas.

# ILLUM

MERCKX & MAES

The Illum collection refines and reworks the essence of Scandinavian furniture design. Belgian design duo Merckx & Maes has created a line of finely proportioned pieces based on the pure and graceful curves of traditional wooden furniture. The collection is made of durable coated aluminium, allowing the designers to create a slender silhouette with a solid, weather-resistant metal.

# NATAL ALU

STUDIO SEGERS

The Natal Alu sofa displays Tribù's design and technical skills with a slender, minimal frame and generous, water repellent sofa cushions. Twenty different modules with two different seat depths can be adapted to fit any space with refined elegance. The wide range in fabrics adds to the flexibility of this timeless design sofa. The Natal Alu dining chairs continue the theme with seats that appear to float within a light frame.
